Dear GESO members:

Thank you for your recent letter of support. We write to return the favor with deep solidarity. As you prepare for another round of your battle with that corporate behemoth and bastion of privilege they call Yale University, know that 1600 graduate employees at the University of Michigan stand solidly behind you in your struggle to exercise your basic rights to form a union.

We admire your steadfastness and commitment to the struggle and look forward to offering whatever assistance possible as you move into bargaining following the imminent concession of the Yale Administration.

In solidarity,

The GEO Stewards' Council
